

The image shows a Qt Designer window titled "Qt Designer" with a menu bar (File, Edit, View, Tools, Window, Help) and a toolbar. A dialog box titled "Dialog - untitled*" is open, featuring a grid layout. The grid contains three input fields with the following labels: "Number of items", "Price per item", and "Discount percentage". Below these fields is a button labeled "Calculate amount". The grid is defined by a dotted line, and the dialog box has a standard title bar with minimize, maximize, and close buttons.

Number of items	
Price per item	
Discount percentage	
Calculate amount
